

Due to the pandemic, the Central Committee has been unable to meet. The Executive Board has been conducting the business of the party during this time. This update session is a chance for the Board members to update all precinct leaders (PCP's) on the work of the party. It is a live stream video to inform the members, it is **not an official meeting** so it is not a forum for votes or debate.

This live video update is being streamed on Facebook, and it will be available for at least two weeks afterward for PCP's to view on Facebook.
